

## ClinOps Advisory Turner GmbH

Dascha Turner is a clinical psychologist and graduated 2001 from the University of Basel in Switzerland.

Since 2002 she has hands-on experience at all levels in conducting and leading clinical trials in several global organizations like Contract Research Organizations (CROs), start-up, small biotechs and (big) pharma companies.

Dascha has a powerful track record in designing and building up Clinical Operations groups and heading ClinOps teams.

She has strong organization and coordination abilities, is skilled in analyzing issues and needs quickly and provides long-lasting efficient solutions. She communicates efficiently and can explain difficult or displeasing facts clearly and easily understandable. She has excellent people skills and fosters strong personal relationships.
